

Alex Martin
ML Engineer Junior - Paris, France
alex.martin@example.com | +33 6 12 34 56 78 | linkedin.com/in/alexmartin

SUMMARY

Junior Machine Learning Engineer with 2 years of experience building and deploying NLP and computer vision models. Passionate about MLOps practices and writing clean, production-ready Python code. Currently completing a Machine Learning Engineer certification at DataScientest.

EXPERIENCE

- ML Engineer - TechNova (Paris)2023 - Present
- Built and deployed a text classification pipeline using Python, PyTorch and Hugging Face Transformers, improving customer ticket routing accuracy by 18%.
 - Designed CI/CD pipelines with GitHub Actions and Docker to automate model retraining and deployment on AWS.
 - Collaborated with data scientists to track experiments using MLflow.

- Data Analyst Intern - DataCorp (Lyon)2022 - 2023
- Used pandas, numpy and scikit-learn to analyze customer churn data.
 - Built dashboards in Power BI and automated reporting with SQL and Python.

EDUCATION

- Machine Learning Engineer Certification - DataScientest2024 - 2025
- Master's Degree in Applied Mathematics - Université Lyon 12020 - 2022

SKILLS

Python, SQL, Bash, Docker, Kubernetes, AWS, Git, FastAPI, Flask, PyTorch, TensorFlow, scikit-learn, pandas, numpy, Hugging Face, NLP, MLflow, CI/CD, GitHub Actions, Linux

PROJECTS

- ATS CV Scorer - personal project
- End-to-end pipeline: PDF parsing, spaCy NLP, semantic scoring with sentence-transformers, and AI feedback generation via the Claude API, exposed through FastAPI and a Gradio interface.
- Image Classifier for Plant Diseases - DataScientest capstone
- Trained a convolutional neural network with TensorFlow/Keras reaching 94% accuracy; deployed as a Streamlit app with Docker.

CERTIFICATIONS

- AWS Certified Cloud Practitioner - Amazon Web Services (2024)
- Machine Learning Specialization - DeepLearning.AI / Coursera (2023)

LANGUAGES

French (native), English (fluent, C1), Spanish (intermediate, B1)
